Dear Dave:

The material which you sent up here to Storrs has proven to be of immeasurable value to us in setting up a hearing system for next year. At the last meeting of our hearing committee we decided that of all the information on hearing we had, WYBC's was the best.

We have decided to adopt your system almost in its entirety.

Just as soon as we get it recopied I'll bring it back to you at the station, probably next Saturday afternoon.

Again many thanks to you and WYBC for your assistance in this matter.

Sincerely,

Charlie Polio
